Languages: English C1 (Fluent); German A2 (Goethe Certified) | Location: Munich, Germany | Valid Work Permit

Profil / Profile

PMP-certified Technical Project Manager with 5+ years managing payment- and banking-technology programs, performing business analysis to translate business requirements into technically sound delivery plans across partner integrations, applications, and infrastructure. Coordinates technical and non-technical stakeholders through Jira-tracked timelines, milestones, MS Office reporting, and status updates, resolving technical issues in partnership with engineering teams to keep payment-systems delivery on track.

Kenntnisse / Skills

- Project & Program Management: PMBOK (8th Ed), Agile, Scrum, Kanban, Project Planning, Scheduling, Monitoring & Control, Expectation Management, Project Negotiation, Stakeholder Management, Vendor Management, Risk & Issue Management
- Project Governance: Timeline Tracking, Milestone Management, KPI Reporting, Risk & Dependency Mapping, Status Reporting
- Strategic Operations: SOP Development, Process Optimization, Cross-functional Leadership, Stakeholder Communication
- Tools & Platforms: Jira, Confluence, MS Project, Visio, QuickBase, SharePoint, M365, ChangePoint, PowerPoint, MS Excel, Power BI
- Quality & Compliance: Application Testing, SQA/SQC, QA/QC, Risk Management, Regression Testing
- AI & Innovation: Generative AI, Prompt Engineering, and AI-assisted workflow automation

Ausgewählte Projekterfolge / Key Achievements

- Delivered ATM software implementations for 70+ global banking clients
- Developed SOPs for a net-new program implementation, reducing PM onboarding time by 40% and project costs by 30%
- Maintained less than 4% schedule variance in fixed-deadline regulatory programs
- Recognized multiple times for contributions to PMO (Collaboration, Accountability)

Berufserfahrung / Professional Experience

Projektmanager / Project Manager, NCR Atleos | March 2023 - Present

- Accomplished on-time, in-budget delivery of a \$2M+ payment-technology infrastructure modernization program, as measured by 100% milestone adherence and under 4% schedule variance, by managing partner integrations and technical delivery across cross-functional teams in India, USA, Canada, and Serbia.
- Accomplished a regulatory-driven upgrade program across a portfolio of 25+ banking and payments clients, as measured by 100% compliance and 95%+ customer satisfaction, by coordinating technical and non-technical stakeholders through structured governance and status reporting.
- Accomplished an 18% reduction in delivery cost across 10+ major payment-system releases, as measured by improved release planning, by monitoring project timelines and milestones and resolving technical issues in partnership with engineering.
- Accomplished repeatable delivery governance frameworks and process flows for net-new payment programs, as measured by a 40% cut in onboarding time and 30% lower project costs, by authoring delivery templates, change management plans, and reporting standards adopted across the team.

Teamleiter / Team Lead, NCR Atleos | December 2022 - October 2023

- Accomplished on-spec delivery of customized ATM payment-software configurations for 60+ banking clients in a matrix environment, as measured by sustained quality-standard adherence, by coordinating business units, engineering, and technical teams in a fast-paced, multi-project environment.

QA Ingenieur / Quality Assurance Engineer, NCR Atleos | February 2021 - November 2022

- Accomplished a 30% increase in automated and functional test coverage, as measured by reduced post-deployment defects, by working within the software development lifecycle to redesign testing and quality-assurance processes.

Ausbildung / Education

Bachelor of Technology (B.Tech) – Electronics and Instrumentation Engineering | 2017-2021

Jawaharlal Nehru Technological University (JNTU), Hyderabad

Zertifikate / Certifications

- Project Management Certification, PMI (July 2025)
- Executive Education in IT Project Management, Indian School of Business (July 2024)
- Business English Certification, Cambridge University (April 2019)
- Goethe A2 certification (Gut Grade) (March 2026)
- International Software Testing Qualifications Board, Certified Tester - Foundation Level (February 2023)
